Gli ascolti di Aprile 2009

Dal recente **Campo di ascolto AIR di primavera** di Pietra Ligure vi propongo gli ascolti NDB (Non Directional Beacon) di Giorgio Casu, che, arrivato in volo da Cagliari, ha messo in atto tutte le sue pratiche tecniche e la sua esperienza per catturare tutto ciò che poteva essere ascoltato; la propagazione non è stata favorevole, ma il risultato è stato decisamente soddisfacente.
